**ABSTRACT**

This report summarizes the activities of the South Carolina State Library for 1999-2000. The current strategic plan contains five strategic goals: provide information resources and services to meet the needs of the people of South Carolina; provide statewide programs to support local library services; serve as the advocate for libraries in South Carolina; encourage cooperation among libraries of all types; and continuously improve State Library operations and services. This report highlights the State Library's progress towards meeting these goals. The report is divided into the following sections: Organization and Operations; Activities-FY 2000; Statistical Summary; Financial Statement; and South Carolina State Library Staff. FY 2000 activities are discussed in terms of the following: State Library Users; State Library Collections; DISCUS-South Carolina's Virtual Library; Information Services; South Carolina State Documents Depository Program; Consultant Services; Grant Administration; Children's Services; Continuing Education; Public Library Construction; Marketing/Public Information Services; Filtering; Collaborations; South Carolina Library Network; Internet/Telecommunications Project; South Carolina Group Database Licensing Project; Staff Development; Volunteer Program; and Facilities. Highlights of the year's accomplishments include: the expansion of the number of information databases available in DISCUS-South Carolina's Virtual Library which insures that South Carolinians have access to information regardless of local funding or geographic area; the appropriation for fiscal year 2000 of \$2 per capita in State Aid to local public libraries, the culmination of a 5 year campaign by library supporters; and the relocation of the State Library's Department for the Blind and Physically Handicapped and other State Library Departments into the renovated building formerly occupied by the State Archives and History Department. Appendices include library directories (Public Library Board Chairmen; South Carolina Public Libraries; South Carolina State Institutional Libraries; South Carolina State Institutional Libraries) and tables of library statistics, 1999-2000 (Public Libraries: Comparative Summary; South Carolina Public Libraries; South Carolina State Institutional Libraries; South Carolina College and University Libraries). ## ANNUAL REPORT 1999 - 2000

IR058180

TO: The Honorable James H. Hodges, Governor of South Carolina, to the Honorable Members of the General Assembly, and the citizens of South Carolina

The South Carolina State Library continues to make tremendous strides ensuring that South Carolinians have access to the information and library resources needed in their daily lives. It is with pleasure that this summary of the 1999-2000 activities of the State Library is presented.

Highlights of the year's accomplishments include:

- The expansion of the number of information databases available in DISCUS-South Carolina's Virtual Library which insures that South Carolinians have equal access to information regardless of local funding or geographic area.
- The appropriation for FY 2000 of \$2 per capita in State Aid to local public libraries, the culmination of a five year campaign by library supporters.
- The relocation of the State Library's Department for the Blind and Physically Handicapped and other State Library Departments into the renovated building formerly occupied by the State Archives and History Department.

The State Library continues to provide excellent and efficient services for citizens, government and libraries of South Carolina.

## I. ORGANIZATION AND OPERATIONS

---

The South Carolina is an independent state agency governed by a board of seven members appointed by the Governor, with one member from each Congressional District and one from the state at large. Members serve five-year terms and may be reappointed.

Statutory authority for the South Carolina State Library is provided by Title 60, Chapter 1 of the Code of Laws of South Carolina. Originally authorized in 1929 and known as the State Library Board, the public library extension agency was first funded in 1943. It was redesignated the South Carolina State Library with a broad range of responsibilities by Act 464 of 1969. The legislation was recodified, and new functions were authorized by Act 178 of 1985.

The Director, who is responsible for the operation of the agency, is appointed by and is responsible to the Board of the State Library. The director is assisted by a deputy director. The work of the library is performed by six departments. A brief description of each follows:

- **Administrative Services.** Provides support services in the areas of budgeting, financial management, personnel, procurement, public relations, secretarial support and facilities management.
- **Blind and Physically Handicapped Services.** Provides library service to individuals who are unable to use conventional print materials due to blindness or a physical handicap. Reading materials are provided in special formats (recorded, large print, and braille).
- **Library Development.** Provides consultant services to public libraries to further the development and improvement of library services statewide.
- **Reader Services.** Coordinates DISCUS – South Carolina's Virtual Library. Provides research services to state government agencies. Provides statewide reference and interlibrary loan service to supplement local library resources.
- **Network Services.** Operates the South Carolina Library Network through the maintenance of a computer-based library network and communications system which facilitates sharing of library resources and services.
- **Technical Services.** Acquires, catalogs, classifies, and makes available all materials used in the library program.

# ORGANIZATION AND OPERATIONS

---

The South Carolina State Library's activities are guided by its strategic plan approved by the South Carolina State Library Board. The current three-year plan covers the period FY 2000-2002. The State Library's management team develops the plan, based upon input from staff and constituents. An annual business plan is developed from the strategic plan with responsibilities for implementation clearly articulated.

Highlights of the strategic plan include:

*Mission statement: The South Carolina State Library's mission is to improve library services throughout the state and to ensure all citizens access to libraries and information resources adequate to meet their needs.*

*Vision statement: The South Carolina State Library is a major leader in the planning and implementation of effective informational and library services for the people of South Carolina. It is a vital component of the State's information infrastructure.*

The current strategic plan contains five strategic goals:

- *Strategic Goal A: Provide information resources and services to meet the needs of the people of South Carolina.*
- *Strategic Goal B: Provide statewide programs to support local library services.*
- *Strategic Goal C: Serve as the advocate for libraries in South Carolina.*
- *Strategic Goal D: Encourage cooperation among libraries of all types.*
- *Strategic Goal E: Continuously improve State Library operations and services.*

This report highlights the State Library's progress towards meeting these goals.

## **II. ACTIVITIES – FY 2000**

### ***Strategic Goal A: "Provide information resources and library services to meet the needs of the people of South Carolina."***

#### **State Library Users**

The State Library is a research center for all South Carolinians. Everyone may use the materials in the State Library's facilities in Columbia. Direct loan is available to state government employees and members of the General Assembly.

People across the state may borrow items from State Library's collections on interlibrary loan through their local libraries that participate in the South Carolina Library Network coordinated by the State Library. The present 298 participating libraries by type are:

Public libraries	54
Institutional libraries	4
Academic libraries	53
School libraries	149
Special libraries	38

South Carolina Library Network users may search the State Library online catalog, WebLION, via the Internet and request materials. This year the State Library began providing interactive forms for use by local libraries in placing requests.

Individuals with qualifying disabilities that prevent them from using conventional print materials are served directly by the State Library's Department for the Blind and Physically Handicapped. Eligible users include those unable to hold a book, turn pages, or see normal size print and those with a learning disability or a temporary disability due to injury or illness.

#### **Usage Statistics FY 2000**

##### **Registered Borrowers**

State Government Employees	6,731

## **State Library Collections**

The Research Collection is composed mainly of non-fiction materials selected to supplement the holdings of local libraries and to support state government research. This centralized collection reduces unnecessary duplication of expensive and specialized materials in state agencies and in local libraries. The collection includes periodicals, newspapers, state and federal documents, and audiovisual materials.

The Blind and Physically Handicapped Collection contains reading materials for all ages in special media (cassette, large print, braille, disc, large print and descriptive video).

The Grants Research Collection includes printed directories and guides and electronic resources to assist nonprofit organizations, government agencies, and citizens in locating grants. The State Library serves as an official cooperating collection of the Foundation Center and compiles and publishes the South Carolina Foundation Directory.

South Carolina Fiction Cooperative, a joint venture of the public libraries of the state and the State Library, contains older fiction titles, identified as the "last copy" in a particular public library's collection.

### **DISCUS – South Carolina’s Virtual Library**

To provide all South Carolinians with equal access to information resources, the South Carolina State Library administers DISCUS – South Carolina’s Virtual Library, an electronic library of essential information and learning resources. DISCUS purchases subscription databases that are accessible from the Internet in all of the state’s public libraries, public school libraries and classrooms, selected K-12 private schools and public and private colleges. In FY 2000, the State Library made arrangements for most of the resources to be available from the home or office Internet accounts of all South Carolinians twenty-four hours a day, seven days a week. This remote access will eventually be available for all DISCUS resources.

South Carolina is the first state in the country to offer such a wide variety of access of information resources to all its libraries. Most other state systems have little or no direct K-12 access. Training is provided to the library, curriculum resource and technology staffs of participating institutions to help them make effective use of DISCUS.

#### **DISCUS Usage FY 2000**

Full-text items retrieved 3,440,144

### **Information Services**

The State Library has a highly skilled research and technical staff to assist users in locating information to meet their needs. Research librarians conduct complex searches in response to questions from state government employees and the general public upon referral from local libraries. In recent years, the staff has worked to develop web pages to assist the public in making effective use of the tremendous amount of information available on the Internet. Specialized web sites include the Lion’s Den that provides organized links to information of interest to state government employees. The staff maintains another web site, “SConnects@the Library” to assist public librarians in providing useful links for local library users. This site includes selected links to informational web sites in topical areas such as education, business, government and general reference. The site also includes a Kid’s Page.

#### **Information Services Usage – FY 2000:**

Information transactions – general reference	21,016
Information transactions – blind & physically handicapped	18,142
Electronic hits (excluding DISCUS)	531,756

**South Carolina State Documents Depository Program**

The South Carolina State Library administers the State Documents Depository System which ensures local access to state government publications. State agencies supply the State Library with 15 copies of publications. The State Library catalogs and processes the publications, retaining 3 copies for its permanent collection. The remaining copies are distributed to the Library of Congress and the following 11 participating in-state depository libraries:

- Clemson University
- Coastal Carolina University
- College of Charleston
- Francis Marion University
- Greenville County Library
- Lander University
- South Carolina State University
- Spartanburg County Library
- USC-Aiken
- USC-Beaufort
- Winthrop University

The State Library added 7,253 state documents to its collection bringing the total to 74,056. This collection is the largest repository of South Carolina's official state publications in the world.

## ***Strategic Goal B: "Provide statewide programs to support local library services."***

---

### **Consultant Services**

The State Library consultants provide information, suggest and discuss possible courses of action, and lend assistance and support to public library directors and staff; trustees; Friends groups; state and local government officials; and library and other organizations. Advice and assistance may be offered on a variety of topics including, but not limited to, planning for new library construction, budget management, personnel management, fundraising, children's services, collection development, automation and electronic resources and library legislation.

General Consultations Services (site visits, telecommunications, correspondence, etc.) FY 2000:  
4,907

### **Grant Administration**

The State Library manages state and federal grant programs to improve local library services.

State grants - In FY 2000 the South Carolina General Assembly appropriated State Aid at \$1.83 per capita with a minimum grant of \$40,000 per county. State Aid regulations require that participating libraries provide countywide service, maintain levels of county funding, and meet certain standards of service. Qualifying libraries may use State Aid funds to supplement staff salaries, to purchase collection materials, to purchase or lease equipment and computer hardware and software. During the year, based upon the recommendation of the State Library Board, the General Assembly approved a revision of the State Aid regulations effective July 2000. The new regulations require local libraries to develop strategic plans and provide greater local discretion in the use of State Aid. State bond funds are occasionally designated for special local library construction projects. These funds are placed in the State Library's budget for disbursement.

During the legislative session, the General Assembly increased the State Aid appropriation for FY 2001 to \$2.00 per capita with a minimum grant of \$40,000 per county. The Association of Public Library Administrators of South Carolina, the State Library and library friends and trustees had worked for five years to reach this goal.

## ***“Provide statewide programs to support local library services.”***

---

Federal grants – The South Carolina State Library administers federal aid to South Carolina libraries under the Library Services and Technology Act (LSTA -- P.L. 104-208). LSTA guidelines provide that grant funds are used:

- To expand citizen access to information through electronic information services for all libraries; public, academic and school, access to library services for children, and staff development and training.
- To target library and information services to person having difficulty using a library and to under served urban and rural communities, including children (from birth through age 17) from families with incomes below the poverty line.

Statewide projects partially funded with LSTA funds include: DISCUS—South Carolina’s Virtual Library; children’s programs; continuing education program; public library automation, county-wide access to library service, and literary programming. Grant funds were used to assist with first time automation in the Calhoun, Lee, and McCormick County Libraries. Funds were provided to assist public libraries obtain software for remote patron authentication.

### **Grants-in-aid Distributed to Local Libraries**

State Aid to counties	\$6,610,377
Other State funds (i.e. bond bill)	\$1,037,889
Federal funds	\$ 825,110

### **Children’s Services**

One of the South Carolina State Library’s major projects is improving library service to children. The federal grant program offers aid to local libraries for the expansion and enhancement of children’s services. Other special activities include:

- Summer reading -- The State Library in cooperation with the state’s public libraries sponsors a statewide summer reading program to encourage children to maintain and/or enhance their reading skills during the summer. The theme for the annual program was “Celebrate Reading 2000,” and 20 percent of children ages 3 to 11 (75,155 children) participated in the program.
- First Steps to School Readiness program – This statewide initiative, began in FY 2000, benefits libraries. The State Library Director serves on the state First Steps Board, and county libraries are represented on county partnership boards. Two county libraries have received First Steps funding.
- An early childhood teacher resource collection selected to assist teachers and day care workers.

## ***“Provide statewide programs to support local library services.”***

---

### **Continuing Education**

The South Carolina State Library administers a continuing education program designed to enhance the skills of local library staff and state government employees in using library services through workshops provided by the State Library, through federal grants and through cooperative efforts with other organizations. In developing its continuing education activities, the State Library staff consults with local public library directors, the University of South Carolina College of Library and Information Science and the South Carolina Library Association.

#### **Continuing Education Activities – FY 2000**

Training events 115

Participants 1,335

### **Public Library Construction**

Adequate facilities are necessary for quality library service. The State Library estimates that almost three out of five of the 184 existing library outlets need renovation, expansion or replacement. Presently there are no federal or state funds available for public library construction. Several libraries have received funding from bond bills and supplemental appropriations bills; however, construction programs must be thoroughly developed to address all necessary issues. Current funding mechanisms do not take the place of such a program.

Though no funds were involved, assistance on building needs was provided for the following libraries:

Aiken-Bamberg-Barnwell-Edgefield (Johnston Branch)

Aiken-Bamberg-Barnwell-Edgefield (Bamberg Library)

Beaufort County (Bluffton Branch)

Chester County (Headquarters Addition)

Chester County (Blacksburg Branch)

Darlington County (Lamar Branch)

Georgetown County (Carvers Bay)

McCormick County (Headquarters)

Marion County (Needs Assessment)

Marlboro County (Headquarters)

Orangeburg County (Needs Assessment)

## **Strategic Goal C: “Serve as the advocate for libraries in South Carolina.”**

---

### **Marketing/Public Information Services**

The South Carolina State Library coordinates a statewide public information program designed to promote South Carolina libraries and to make the general public aware of library services.

Major public information activities:

- The “Ticket to Read” promotion designed to encourage children to get a public library card was piloted in the Midlands. The State Library in cooperation with the South Carolina Association of School Librarians will conduct this campaign on a statewide basis in FY 2001.
- The State Library coordinated the South Carolina Read-In. This annual event draws students from across the state to the State House steps for a celebration of books and reading. Governor and Mrs. Hodges were special guests at the event.
- The State Library was a co-sponsor of the South Carolina Book Festival coordinated by the South Carolina Humanities Council.
- The State Library conducted major promotional activities at professional conferences for DISCUS – South Carolina’s Virtual Library.
- The State Library’s web site for state government employees was redesigned and reintroduced as “SConnects for State Government.”
- The services of the Department for the Blind and Physically Handicapped were promoted at 32 exhibits and events around the state.
- The State Library recognized the ten outstanding South Carolina State government publications at a Notable Documents ceremony held in conjunction with Freedom of Information Day.

### **Filtering**

There was considerable discussion in the General Assembly concerning filtering of the Internet on publicly funded computers in libraries. After considerable debate, the General Assembly passed a law requiring public libraries to have Internet use policies. It also called upon the State Budget and Control Board to conduct a voluntary test to determine if filtering works. The test will include a school library and public library in the upstate, the midlands, and the low country. The results of the test are due to the General Assembly in December 2001.

### **Collaborations**

The State Library works with other state agencies and organizations to enhance awareness of the important role libraries have in improving education and quality of life in South Carolina. The State Library Director serves as a member of the First Steps Board, the K-12 Technology Committee, and coordinates the Citizen Access to Information Subcommittee of the Governor’s Information Resource Council.

The State Library jointly funds a position at the South Carolina Humanities Council with the Council and the South Carolina Arts Commission. This project develops public programs throughout the state to promote literary arts across South Carolina.

The South Carolina State Library and the College of Library and Information Science at the University of South Carolina co-sponsor the Palmetto Book Alliance (PBA). The PBA is the South Carolina affiliate of the Library of Congress Center for the Book. Its mission is to celebrate reading, books, authors and the rich literary heritage of South Carolina. The PBA envisions itself as a virtual center for the book in South Carolina promoting and encouraging participation in book-related programs and activities sponsored by various groups. The PBA began work on a literary map for South Carolina.

The State Library Director serves as an ex-officio member of the board of the Library Director’s Forum. This organization represents the libraries in the state-supported institutions of higher education.

## ***Strategic Goal D: "Encourage cooperation among libraries of all types."***

---

### **The South Carolina Library Network (SCLN)**

Coordinated by the South Carolina State Library, the South Carolina Library Network supports the efforts of local libraries to meet the information needs of all South Carolinians through the sharing of library resources. Libraries participating in the South Carolina Library Network have access to: LION (Library Information Online) automated catalog of the State Library and its web interface, WebLION; online interactive forms for libraries to use in placing interlibrary loan requests through the Internet; FEDCAT (Federal Document Catalog) information database which is used to identify United States documents issued by the Government Printing Office since 1976; and the South Carolina Online Library Directory, containing entries for more than 500 South Carolina libraries.

### **Internet/Telecommunications Project**

State Library staff provided continuing support for this project which is intended to strengthen the resources of South Carolina public libraries through public access to the Internet. The State Library cooperated with the Office of Information Resources (OIR) of the State Budget and Control Board in providing Internet access in these libraries to South Carolina students as an extension of provisions of a statewide K-12 Internet initiative.

### **South Carolina Group Database Licensing Project**

The State Library continued its lead role in the South Carolina Group Database Licensing Project. This collaborative endeavor used the collective buying power of libraries to secure discounts on the subscription price of Internet-accessible electronic databases. A complement to DISCUS, the project enabled public and academic libraries to purchase selected databases appropriate for their clientele.

## ***Strategic Goal E: "Continuously improve State Library operations and services."***

---

---

### **Staff Development**

The South Carolina State Library's most valuable resource is its workforce. As a relatively small agency in terms of FTEs, the State Library requires its staff to constantly learn new skills and competencies. The State Library Board approved a Staff Development Policy during the year. In conjunction with the policy, a team was established to produce and develop an annual Staff Development and Training Plan. Each staff member is expected to complete at least 10 hours of training a year. The State Library uses work teams (often crossing formal departmental lines) whenever appropriate to address agency needs. Other teams include collection development, home page, Intranet, and public relations.

### **Volunteer Program**

Volunteers made a positive impact on the South Carolina State Library and particularly the Department for the Blind and Physically Handicapped (DBPH) where 54 volunteers contributed 1,988 hours of service. Members of boards, committees and advisory councils represent user groups and aid in the development of policies and services.

### **Facilities**

The South Carolina State Library developed plans in the early 1990's for an expansion of its primary building located at 1500 Senate Street in Columbia. The plans allowed room for expansion including space for the State Library's Department for the Blind and Physically Handicapped, which is located in the Columbia Mills building. When it became apparent that construction funds were not available, the State Library requested the use of the building that formerly housed the South Carolina Department of Archives and History. This building is located at 1430 Senate Street, directly across the street from the State Library's main building. The Division of General Services agreed to this proposal and began a renovation and asbestos removal project. The Department for the Blind and Physically Handicapped occupied the space in May 2000 and the State Library's Administrative and Library Development Departments moved in June 2000. For the first time in its history, the State Library's complete operations were physically adjacent to each other. The building's area totals approximately 47,000 square feet.
